MEMBER ASSOCIATED PRESS

PIONEER PAPER OF ARIZONA.

PRESCOTT, ARIZONA, WEDNESDAY MORNING, AUGUST 7, 1907.

FORTY-FOURTH YEAR.

MORE CHILDREN ARE VICTIMS OF ASSAULT

Mothers of New York Are Terror-Stricken By Recent Brutal Crimes.

NEW YORK, Aug. 5.—One of the most brutal of the recent crimes against women and children, was today charged against Luzza Fontza, who was locked up at New Brighton, accused of assaulting Antoinette Taluci, the 2-year-old daughter of Mr. and Mrs. Pasquale Taluci of New Brighton.

Fontza and Taluci are both laborers, employed at the King plaster mills at New Brighton, and Fontza boarded with the Taluci family. Fontza was left with the little child, this afternoon, while Mrs. Taluci went shopping. The mother had not gone far from the house when the child's screams brought her back. When she saw Mrs. Taluci, Fontza rushed from the house, but Mrs. Taluci followed him. Her cries brought out the neighbors, and soon a mob was following the fleeing Italian down the street. The pursuers overtook the man and he was knocked to the ground,

where he was severely beaten and kicked by men and women until a policeman appeared, and with his club and revolver fought off the crowd.

The child, on the orders of the magistrate, was examined by a physician, who reported that she was seriously injured. Fontza was held in \$5,000 bail on a charge of criminal assault.

Angeline Condanti, a 6-year-old child, was found, terribly bruised, in a thicket near the village of Lincolnville, Staten Island. She had been attacked by an unknown man.

Joly Arbrato, an Italian laborer, was arrested at Brooklyn, this afternoon, on a charge of attempted assault on two little girls. Daniel Lalo and Frank P. Body were arraigned on similar charges.

Mothers throughout the city are terror-stricken. Funds for 500 additional policemen were asked of the mayor and Board of Estimates by the police commissioners today.

EMPERORS STRIKE AT BELFAST MEET AT SEA GRAVE

SWINEMUNDE, Aug. 5.—Emperor William of Germany and Emperor Nicholas of Russia have spent the entire day together at sea. A semi-official statement regarding the meeting of the two sovereigns declares that their conferences have served further to strengthen the traditional friendly relations between them and the meeting has given proof of the good understanding existing today between the leading statesmen of the two countries. Every question of an international character has been the subject of thorough discussion between the two emperors with the result that the views held thereon have been found to be in absolute accord.

EARTHQUAKE AT ALBANY.

ALBANY, N. Y., Aug. 5.—The seismograph at the State Museum registered earthquake shocks beginning at 1:58 o'clock this morning, and continuing ten minutes. The record is not sufficiently well marked to admit of determination as to the location of the center of disturbance, though the vibrations were from east to west.

BELFAST, Ire., Aug. 5.—The strike situation here is again grave. Efforts to settle the Carters dispute have failed and all negotiations on the subject are broken off. The Carters declare they will fight to the finish. The coal men's dispute has again broken out, involving two important firms. Police who were protecting the wagons today were stoned by mill workers.

ALLEGED MOB LEADERS' TRIAL.

SPRINGFIELD, Mo., Aug. 5.—The cases of Daniel D. Galbraith and Hill Gooch, charged with being leaders of the mob which hanged and burned three negroes in the public square here on Easter morn of last year, were on the docket for trial in the criminal court today. Galbraith was tried once, but the jury failed to agree on a verdict, standing one for conviction and eleven for acquittal. The prosecution has been balked at every turn in its efforts to secure evidence, and it is doubtful if any of the twenty-two persons who were indicted as mob leaders will ever be tried.

MACHINERY FOUND.

The big hoisting machinery for the Verde Grande, which has been "lost in transit" for many weeks, was located in Los Angeles a few days ago, and was shipped from that city on Monday. It will no doubt arrive here in the course of ten days or so, and the sooner the better, as operations are at a standstill out there, and will be until the hoist is landed on the ground.

Everything is in readiness to receive it—foundations laid, boilers in position and ready for business, galleys frame erected, etc., and nothing now remains but to place the hoist and commence operations. The compressor has been in position for many weeks.—Jerome Copper Belt.

DISASTROUS FREIGHT WRECK.

Because of a freight wreck which occurred last night at 10 o'clock, a half-mile west of Victorville, Cal., on the Santa Fe, the telegraph wires were prostrated, and the Journal-Miner was obliged to obtain its telegraphic service by way of Denver.

The freight wreck was a disastrous one, all but two of the cars going into the ditch, and knocking down a dozen telegraph poles. The wrecked cars caught fire and this prevented access to the telegraph wires and their restoration to service. An unknown man, supposed to be a tramp, was injured in the disaster. The train was west bound and was designated on the time card as "extra south."

WEATHER FORECAST.

WASHINGTON, D. C., Aug. 5.—For Arizona—Fair, Tuesday and Wednesday.

TRYING TO AVERT A FUEL FAMINE

CHICAGO, Aug. 5.—Following up efforts already made to avert a repetition of last winter's fuel famine in the west, additional orders have been issued to local agents of the Union Pacific railroad to advise dealers of the urgent necessity of laying in their supplies immediately. Attention is called to the fact that the prohibition against transportation companies engaging in coal trade after May 1, 1908, has stopped all development work in this direction by railroads, making it impossible for a large territory to draw its supplies from the Wyoming fields. Supplies must now be sought in Colorado, or east of the Mississippi.

Good results have followed the action of the Interstate Commerce commission, at the request of the Union

Pacific, in authorizing a reduction of 25 cents a ton on coal shipped to Washington, Idaho and Nevada before September 1. The company's object in putting this rate reduction into effect is to induce dealers to order fuel now, when it can be readily handled, rather than to wait, as they did last winter, until transportation is difficult or impossible.

By September 1, local Union Pacific freight agents are required to report the amount and kind of coal each dealer has in stock on that date, and if dealers have failed to get their supplies to report the reason. On its own account the company has stored 200,000 tons of eastern coal, and states that the public can only be assured of fuel next winter by dealers filling their sheds now.

BABIES STRANGLED BY INSANE MOTHER

Baltimore Woman Murders Her Offspring, In A Fit Of Derangement.

BALTIMORE, Md., Aug. 5.—The atrocious murder of her two babies by an insane mother thrilled northeast Baltimore today.

Madness, which twice caused her to be confined in an asylum, again took possession of Mrs. Christine Nenadal, aged 26 years, the wife of Joseph Nenadal, a woodworker, employed in a wagon factory. With the cunning of a mind deranged, she laid her plans to put her little ones asleep, for that is

what she believes she has done, and no more. A neighbor whom she summoned to help dress the two children, found on entering the house, the naked bodies lying on the table, both having been strangled by the mother. The latter, when the police were summoned, fondled the little bodies, and gave them up only when forced to do so. Her only concern now seems to be lest the children be awakened. The mother is confined in jail.

POLITICAL CRIMINALS TO HOLD MEETING

LONDON, Eng., Aug. 5.—The Russian Social Revolutionary party, which perpetuates the traditions of the old Nihilist organization, is to hold its annual congress in London this month. Delegates to the congress have already been elected all over Russia, each one of the eighty-six governments of European Russia sending ten men, while Siberia will be represented by nearly as many delegates again, which will bring the total number of Nihilists to meet in London to about 1,500.

The congress will be a gigantic gathering of political criminals, for, according to the rules laid down by the

central committee, no member of the party is eligible to the congress unless he has had at least two convictions against him for political crimes.

The congress will have the greatest influence upon the revolutionary, and especially the Terrorist, activity in Russia, since the central committee of the Social Revolutionists has decided to boycott the election for the third Duma, and to carry on instead a relentless campaign of Terrorist deeds, political murders and expropriations, a campaign which, according to the latest news, is already being carried on with tragic results.

TO HAVE BAND CONCERTS.

Plans are making for the filling of a long felt want in Prescott—that of band concerts—by what it is proposed to make one of the finest little bands in the Territory. Everything necessary for the carrying out of these plans are already at hand save a band leader and uniforms. Nearly all of the old members of the Prescott Eagles' band are still here, but minus a leader. It is proposed to raise sufficient funds, by subscription, among the local merchants, to secure the services of a competent leader, who will put the band in shape, after which public concerts, gratis, will be rendered weekly.

Almost every city of any size in the Territory has a band supported by public subscription, which enlivens otherwise dull evenings by giving open air concerts, and there is no reason why Prescott should not be similarly situated.

Those having the plans in charge anticipate nothing but success.

PERSONAL MENTION.

(From Tuesday's Daily.)

Mr. and Mrs. C. W. Ruffner left last night for Castle Hot Springs, where Mr. Ruffner will take the baths for relief from a severe attack of rheumatism.

Mrs. H. Richardson and son have arrived here from Los Angeles. They were met here by Mr. Richardson, who has concluded to make the family's future home here.

A private letter received yesterday, from Tonopah, Nev., states that times are dull in that place, that almost everybody in the town went broke buying stocks, which have fallen greatly in price lately, and that ready cash is very scarce.

KILLS HIS CHUM IN ANGER

PITTSBURGH, Pa., Aug. 5.—After shooting down his chum in cold blood and then attempting to chop the body to pieces with a hatchet in the street at Blair Station twenty-four miles from this city, Adam Laach, a foreigner, was rescued from a mob that tried to lynch him, tonight, and landed in jail at Clairton. The shooting occurred in the main street at Blair, and was the result of a complaint of misdemeanor made to the police by Joseph Warech against his friend, Laach. The latter met Warech and demanded to know why he made the information. Without waiting for a reply he shot him. Then he drew a hatchet and proceeded to use it on the prostrate man. The crowd attacked by shooting and Laach fled. He took refuge in a pile of brush and threatened to shoot his pursuers. A man felled him with a club and he was rescued by the police just as the mob was proceeding to give him summary punishment.

T. J. Bolts came in yesterday from his mines in the Turkey Creek district, to purchase supplies.

COMPLAIN OF STRIKERS ARE EXPRESS RATES LANDED IN JAIL

OLYMPIA, Wash., Aug. 5.—The State Railroad commission today took up for consideration the complaint made by the fruit growers of Puyallup and Sumter against the Northern Express company. The fruit growers allege that the rate on berries to Tacoma and Seattle are excessive and work to the advantage of the California fruit growers as against those of this state. The settlement of the matter is awaited with considerable interest, as it is the first complaint filed against an express company by the State Railroad commission since its organization, more than two years ago.

KNIGHTS OF COLUMBUS.

NORFOLK, Va., Aug. 5.—Members of the order of Knights of Columbus are already arriving in considerable number to take part in their annual national convention, which is to begin its sessions tomorrow at the Jamestown exposition. Every section of the country will be represented and from all signs the attendance will establish a new high record. The delegates will be the guests of the Virginia branch of the order during their stay here, and the arrangements for their entertainment have been made on a very elaborate scale. Canada and Mexico as well as all parts of the United States will be represented among the visitors. The exposition has designated next Thursday as Knights of Columbus Day at the big fair and on that day Cardinal Gibbons, with other high prelates of the Catholic church, will be the special guests of honor.

ENGINE BLEW UP.

SAN DIEGO, Cal., Aug. 5.—An engine on the Santa Fe railroad blew up this afternoon, two miles this side of El Toro. Fireman O'Connell was so badly injured that he died shortly after the accident. Conductor Phillips and Engineer G. P. Luce were badly injured, the latter losing his legs. The cause of the explosion has not been learned.

DULUTH, Minn., Aug. 5.—Twenty-three strikers were arrested at Hibbing, tonight, charged with threatening to blow up an Austrian boarding house. There was a clash between the deputies and the men, and they were landed in jail.

BASE BALL RESULTS IN THE MAJOR LEAGUES.

National.

At St. Louis — St. Louis 2, Philadelphia 5.
At Chicago — Chicago 4, New York 5.
At Pittsburgh — Pittsburgh-Brooklyn game postponed; rain.
At Cincinnati — Cincinnati-Boston game postponed; wet grounds.

American.

At Philadelphia — Philadelphia 6, Cleveland 2. Second Game—Philadelphia 12, Cleveland 6.
At Washington — Washington 2, Detroit 8. Second Game—Washington 2, Detroit 5.
At Boston — Boston 3, St. Louis 2.
At New York — New York 8, Chicago 4.

TEAMSTERS IN CONVENTION.

BOSTON, Mass., Aug. 5.—There was a full attendance of delegates today at the opening in this city of the annual national convention of the International Brotherhood of Teamsters. The past year has been one of great activity for the organization. One of the most important matters to be brought up at the convention is the proposition to change the constitution so that hereafter conventions will be held at two-year intervals instead of each year.

WESTERN MINERS IN SESSION.

HELENA, Mont., Aug. 5.—The district convention of the United Mine Workers met here today with delegates on hand representing the locals throughout Montana and Wyoming. The sessions will last two weeks and will be followed by the annual convention of the Montana Federation of Labor.
